

# There Is A Group For That

GIVE MESSAGING TO EVERY PARISH GROUP

Master the art of communication.

## Unlimited groups

Focusing your message to the right people is fundamental to good communication. Create as many groups as you need for every ministry, department, committee, group, and anything else you can think of.

Need help adding a group? [Click here for instructions.](#)

## Unlimited Administrators

Create as many administrators as you need to help manage your groups and messaging. Admins can access whichever groups you specify. Some may have access to only one group, while key staff members may monitor them all. You decide who has access to what groups.

## BE SUCCESSFUL

So, go ahead, put your entire member list in Evangelus and send messages to everyone, everywhere! We have you covered.
